RECENT DEVELOPMENT IN VENTURE CAPITAL AND PRIVATE EQUITY INVESTMENT IN THE CZECH REPUBLIC

Abstract:

The paper analyses venture capital (VC) and private equity (PE) investment activity in the Czech Republic. Our earlier research has shown the development and comparison of Czech and European private equity and venture capital markets in 2007-2012 or 2007-2013 respectively. The aim of this paper is to enhance the time line with the 2014 and 2015 data and find out the differences in market development trends (if any).

Keywords:

venture capital, asset management, private equity, financial markets, market failure, government failure
