Which is a requirement that graduates must practice teaching in schools for 1 year, and to be effective and have a high achieving in practice . The researchers are interested in evaluating the professional experiences of the teachers teaching in schools. Faculty of Education At the University To guide practice with. Chief of the teachers and school administrators . It is an approach to development . Improve the quality of teaching in schools.

### Objectives

This research was carried with the following objectives.

1. To study Evaluation of the teacher training experience teaching in schools. Faculty of Education Loei Rajabhat University

### Research methodology

The approach of this survey research

### Population

The population in this research include the student teaching experience the teachers in school year 5 Faculty of Education University has a total of 268 people.

### Research instruments for data collection

Research instruments employed for data collection was a questionnaire and was divided into 2 steps as follow.

**Step 1:** A questionnaire about the status of student Faculty of Education. Loei Rajabhat University

**Step 2:** A questionnaire The evaluation of teaching practice in schools.

The questionnaire employed a 5-point rating scale based on the follows.

1) Evaluating the desirable features. Scale questionnaire (Rating Scale) 5 level 15 items.

2) Evaluate the operational features of the previous teacher. Scale questionnaire (Rating Scale) 5 level 15 items.

3) Evaluation of teaching performance. Scale questionnaire (Rating Scale) 5 level 15 items.

### Statistics for a data analysis

The SPSS for Windows 16 program was used to find frequencies, percentage, means, standard deviation, the empirical data.

Evaluation of the teacher training experience teaching in schools	$\bar{X}$	S.D.	Interpretation	rating
1. Evaluating the desirable features	4.81	0.22	High	1
2. Evaluate the operational features of the previous teacher.	4.75	0.24	High	3
3. Evaluation of teaching performance	4.77	0.23	High	2
Total	4.78	0.22	High	

## Conclusion

Evaluation of the teacher training experience teaching in schools. Faculty of Education Loei Rajabhat University In general, there is much work all aspects ( $\bar{X} = 4.78$ , S.D. = 0.22) when considering each side. Found to be the most practical level . evaluating the desirable features one . The second is evaluation of teaching performance. And evaluate the operational features of the previous teacher.

## Discussion

1. The teacher training experience teaching in schools. Faculty of Education Loei Rajabhat University. In general, there is much work on all sides. Due to a teacher training center. University administrators Instructor's attention to policies and standards in the promotion. Reforms to improve student learning. And policy development for teachers and educational personnel at all levels to the quality standards appropriate to the profession.
